WHAT IS ISTANBUL YOUTH SUMMIT 2023

Istanbul Youth Summit (IYS) 2023 is a program established by Youth Break the Boundaries (YBB) Foundation. This program strives to establish the spirit of youth leadership and train exceptional future leaders through a moral-based approach to education that focuses on fostering nationalism, character values, and international cultures in the youth generation. Istanbul Youth Summit is more than just a meeting of young leaders from across the world, it is also an opportunity for them to share their experiences on how they are protecting and empowering youth in their communities. YBB is an organization that focuses on all instruments for youth development and empowerment to create exceptional future leaders by encouraging strong identities and characters, as well as giving noble ideals to the youth.

YBB continues to create various innovations in youth activities to achieve consistency in building the youth character. Since 2017, YBB has held an international youth summit called the "Youth Education and Entrepreneurship Summit (YEES!)" in Istanbul. YBB continues this program which now is called the Istanbul Youth Summit. It will also be held for the sixth time; Istanbul Youth Summit 2023.

Through this program, we will learn about social development strategies aimed at new potential leaders to make real changes for the progress of the country. Social development includes various aspects of the progress of the country, such as health (good health and well-being), education (quality education), the economy (decent work and economic growth), future aspects (industry, innovation, and infrastructure), and sustainability (sustainable cities and communities).

Not only that, the selected young people will learn a lot from the perspectives of delegates from different countries, strengthen their networks around the world and help prepare them to become future leaders. Sincerely, the committee hopes that the representatives of Istanbul Youth Summit 2023 will benefit from this program as much as possible. It is important not only for knowledge, but also for networking relationships and the building of a youth presence in the international arena. This is very important. So that the main objective of this program can be truly achieved and can become one of the instruments to accelerate the progress of the nation.

THE IMPORTANCE BEHIND IT

Sustainable Development Goals (SDGs) are sustainable development efforts that become a reference in the framework of development and negotiations of countries in the world as a substitute for the global development of the Millennium Development Goals (MDGs) which ended in 2015.

The SDGs have several goals, including ensuring healthy lives and promoting well-being for all at all ages, ensuring inclusive and equitable quality education and promoting lifelong learning opportunities for all, reducing inequality within and between countries, promoting sustainable economic growth, inclusive, and sustainable, full and productive employment and decent work for all, and make cities and human settlements inclusive, safe, resilient and sustainable.
